Appeal for Financial Aid For Fire Dept. Sounded

Seek Funds To Complete Hall And Secure Equipment For Volunteer Brigade

Drive for funds to complete the new fire hall in Sidney is being launched next week. The drive will co-incide with National Fire Prevention Week, when the attention of Canadians, from coast to coast is drawn to the constant danger of fire.

It is more than three years since construction of the new hall was started. At the time it was believed that the only attention to the old hall necessary was the raising of the floor level. The pavement on Third St. was higher than the floor of the hall, owing to the regrading which had then recently been carried out. Upon further investigation it proved that the hall was inadequate to house the new truck and equipment, and the construction of a new hall was started.

The volunteer firemen have devoted thousands of hours to the building of the hall. It is now serviceable and in use, but it is not yet completed. The fire committee, headed by secretary-treasurer Comdr. F. B. Leigh, has decided that the remaining work should be undertaken by paid labor, if the necessary funds can be raised. The committee estimates that the sum of \$2,500 will be necessary to carry out this plan. This will represent a total cost of \$4,780. Comdr. Leigh called the attention of Sidney residents to the cost of the recently erected Duncan fire hall. This hall cost approximately \$40,000 to complete, he said.

Purchase of Hose
A further expenditure anticipated by the committee is the purchase of 800 feet of hose at a cost of \$1,600. No funds are available for this item at the present time.

Personal donations and other funds totalled about \$2,200 by November, 1947. This enabled the committee to tackle the second two items on their program to bring the equipment of the department up to date. The acquisition of a truck chassis cost \$2,171. The committee also purchased 600 feet of hose. The cost of the latter item was only \$900. The price of hose has risen since that time.

The hall is on the verge of completion, the new second fire truck is rolling and only awaits the arrival of its final equipment, for which funds are in hand, and 1,000 feet of hose has already been purchased.

Achievements to date have been made possible by the generosity of residents of the area, who have contributed generously to the funds of the department. The efforts of the fire crew have enabled the committee to devote funds to purchase of equipment.

During the past year donations have not been as high as in previous years. The committee believes that this may be due to the fact that no drive has been undertaken this year. They are appealing to the public to support the Sidney Fire Department during the period of National Fire Prevention Week.

From Jan. 1, 1948, until Sept. 15, 1950, the Sidney Volunteer Fire Department answered 73 fire alarms. Of these 32 were chimney fires and 23 bush or grass fires. There was one automobile fire and an explosion at Rest Haven hospital. In three cases of house fires the alarm was given when the fire was already out of control. In the remaining 13 house fires the blaze was controlled. Thus of 73 fires during that period, 68 were extinguished.

FORMER R.A.F. MAN AT PATRICIA BAY NOW SUMMER RESIDENT

Military history of North Saanich is closely tied up with the wartime service of R. D. Hilton-Smith. Mr. Smith was a member of the advance party of R.A.F. personnel who came to Patricia Bay in 1941. He then held the rank of Flying Officer. He remained at the unit until the day that all R.A.F. personnel went up to Comox, three years later. Instead of leaving for Comox, Mr. Smith was posted home to England.

The former R.A.F. officer left on Monday of this week for his home in Toronto. Since the end of the war he has left his original home in Deptford, England and settled in Eastern Canada. Prior to his military service Mr. Smith was the chief librarian of Deptford Public Libraries. Today he is deputy chief librarian of Toronto Public Libraries. It is an appointment he gained while serving in this country. Mr. Hilton-Smith lives in Toronto and maintains a country home at Ardmore. He visits his home out here once each year.

Referring to his first sight of Sidney, Mr. Hilton-Smith expressed his reactions to the appearance of the township at that time. "I fully expected to see cowboys come rushing out of the stores at the bottom of Beacon Avenue," he said. The appearance

of the stores and houses was in line with the movies. Each had a verandah and wood sidewalk at that time.

Amazing
"The development of Sidney is amazing," continued the summer resident. "It has lost the quiet appearance of a sleepy town. Today Sidney gives the impression of a prosperous little community," he added.

On his return to England Mr. Smith was stationed in Scotland. He communicated with the Allen shipping line, the owners of the estate, which was selling the Ardmore property, placed a reserve on one lot. It is the lot which Mr. Smith later purchased and on which he has built his summer home.

During his service at the Patricia Bay Airport, Mr. Hilton-Smith was catering officer. He was also in charge of the station library and editor-in-chief of the R.A.F. station newspaper "The Patriciaan." This was not his first connection with publication of magazines. Before the war Mr. Hilton-Smith was editor of the official journal of the Library Association of Great Britain. He was a member of the council of that association.

The Ardmore resident is a distinguished member of his profession. (Continued on Page Four)

KANGAROO HUNTER

Resumes His Seat On School Board

Trustee Neil McNaughtan, member of the executive staff of Canadian Industries, Ltd., at James Island, was welcomed back to the Saanich School Board session on Monday evening of this week following a business trip to Australia. He confided to his fellow trustees that he had shot a kangaroo during his visit "down under." Australia impressed him very much, he said. He found that wages were somewhat lower than in Canada but the cost of living was lower too.

The appointment of Norman Shillito as a school bus driver and Frank Penke as relieving janitor at Sidney school were confirmed by the board. Resignation of Miss K. Baker

from the teaching staff of North Saanich high school was accepted with deep regret on her appointment to the Victoria normal school staff. There was general agreement on the valuable contribution she had made to the school. Miss M. Rice was appointed in her place.

Four Accidents
A report was studied on four accidents which had occurred in two schools recently. At Sidney school one pupil suffered a fractured leg and another a fractured collar bone at play; while at Mount Newton school one youth was injured playing baseball and another while playing basketball. Trustees agreed that all schools throughout the district would be closed on Oct. 3 and 4 during the annual teachers' convention.

The board accepted gratefully the invitation of the teachers of the district to enjoy tea at the North Saanich high school on the afternoon of Oct. 13.

SHOPPING BUS FOR OLDFIELD RD.

Residents of Oldfield Road can look forward to a resumption of the shopping bus once weekly very shortly.

It will probably run during noon hour on Mondays, according to School Trustee Mrs. F. M. Bryce, who has taken up the matter with the coach lines traffic manager, Mr. Tye. Passengers can have their choice of a morning in town, or an afternoon, by using the regular bus for the other trip.

The date will be announced

DRIVE NETS \$1,200 HERE

Saanich Peninsula contributed \$1,210.85 to the highly successful porchlight campaign of the Greater Victoria Community Chest. In the southern areas of the Peninsula the collection was made from door to door, but in the unorganized territory, to the north, subscriptions were accepted at the homes of collectors or at their places of business.

Brentwood led the field with a total of \$345.50. Next was Saanich, with \$235.25. Sidney collections amounted to \$211; Deep Cove, \$111 and Patricia Bay Airport, both Army and other residents, contributed \$108.

Further donations may be given to Frank Godfrey, Beacon Avenue, Sidney.

New Trophy Presented To Schools

F. N. Wright Challenge Competition Is Announced

Magnificent new trophy has been presented to the schools in Saanich School District No. 63 by Fred N. Wright, prominent Sidney businessman. Announcement of the new trophy was made by Norman Wright, son and business associate of the donor, at the meeting of the North Saanich Parent-Teacher Association in the North Saanich high school on Monday evening, Oct. 2.

The new trophy will be known as the "F. N. Wright Challenge Trophy." It will be open to all schools within School District No. 63 and it is presented to foster greater keenness in inter-school athletics.

The trustees are the principals of all schools within the district and the sports director of the school district. They will award the trophy to the school having the highest aggregate standing in the basis of the entire athletic program for the whole year.

The trophy itself is an impressive gilt figure mounted on a pillar. The whole is set on a polished black base and the centre column is supported by a figure on either side.

Among the sports which are mandatory for all competing schools are track and field, basketball, soccer, badminton, tennis, ping-pong, and volleyball.

During the same evening the (Continued on Page Twelve)

CAR DESTROYED IN BASEMENT FIRE AT KEATING

Firecrews from three Saanich firehalls and from Sidney were called to a fire on Tuesday, Oct. 3, at Playfair's Grocery, Keating. The building was saved but contents were damaged. A new car, in the basement, was destroyed. The car had only run about 2,000 miles.

The fire is believed to have started in the basement where a stack of sawdust was stored. Counsellor Sydney Pickles, of the Saanich Council, was on the scene at the time of the alarm. He called the assistance of the Municipal road crew under Tom Mitchell. Two trucks from Saanich Fire Department were the first on the scene.

Sidney Fire Chief Art Gardner assisted the Saanich Fire Department to replenish the water in the tank truck from a nearby well. The Sidney truck carried an auxiliary pump for this purpose.

The living room and bedroom were damaged but the fire was extinguished before the flames living quarters and store were permitted to spread. The

SEASON OF 1950-SEES NEW TRAVEL RECORDS SET

NEW travel records were chalked up at the Sidney international port of entry during the past season.

Last trip of the season of the Black Ball Ferry between Anacortes and Sidney was operated on Saturday, September 30 so that final records for 1950 can be compiled.

During the 1950 season, 16,662 automobiles passed through the Sidney customs and immigration port, travelling to and from Canada. These cars transported a total of 57,828 persons.

During the 1949 season, the totals were 12,879 auto-

Re-elected

BERT BATH

Bert Bath was elected president of the North Saanich Progressive Conservative Association by acclamation at the annual general meeting on Friday evening, Sept. 29. It is Mr. Bath's third term at the head of the organization. Maurice Atkins took the chair until the election of president was completed. Mr. Bath resumed his customary position amid loud applause.

W. Skinner was elected first vice-president. Capt. M. D. A. Darling and Clement May, both of Deep Cove, were elected second and third vice-presidents, respectively. The offices of secretary and treasurer are unchanged. Mrs. W. Smart and Mrs. W. C. James will hold those of offices for another year.

More Members
The committee was increased in number. Mrs. F. Butler, Major L. B. Scardfield, Sqdn.-Ldr. C. S. Goode, Jack Gibbs, A. J. Watkins, Mrs. W. Skinner, Mrs. F. Eves, John Milling, J.P., and L. Christian were elected to the executive.

Guest speaker at the meeting was Major-General George R. Pearkes, V.C., M.P. for the Nanaimo federal riding.

After the election of officers the meeting expressed a vote of confidence in Hon. Herbert Anscomb, provincial party leader.

Member Tells Of Session

Pearkes Expects More Russian Activities In Other Places

"I don't believe that Korea is an isolated incident in the world. I believe that it is part of a pattern of Russian activity to dominate the whole of this planet."

Maj.-Gen. George R. Pearkes, V.C., M.P., addressing the annual meeting of Progressive Conservative Association at the Veterans' Hall in Sidney on Friday evening, Sept. 29, spoke at length on the situation in Korea and its relation to Canada. "I believe you will see," he continued, "in a very short time other acts of aggression by Russian satellites."

The General reviewed the recent emergency session of parliament, which was called to deal with the rail strike and the Korean war. The session first dealt with the strike, he said. He was amazed to find how little affected other communities in comparison with Vancouver Island. In parts of Canada provision of efficient trucking schedules and bus services reduced the strain of the strike. No such facilities existed here.

"And the government not been obsessed with the idea that there was going to be no strike there would not have been a strike," said the member. He paid a tribute to the late Humphrey Mitchell. "Had the late Humphrey Mitchell been alive he might have allayed it," said the General, "he had the confidence of both management and labor. Milton Gregg (Continued on Page Nine)

TAG DAY ON SATURDAY

Annual tag day will be observed in Sidney on Saturday, Oct. 7, when ladies of the H.M.S. Endeavour Chapter, I.O.D.E. will make a collection in the business district. The collection is in aid of the National Institute for the Blind. Collectors will be out between the hours of 10 a.m. and noon and 3 p.m. until 5 p.m.

Private contributions will be accepted by Mrs. R. J. McLellan, treasurer of the chapter. Blindness is almost invariably accompanied by loneliness and poverty, says the Institute. These accompanying sufferings can only be relieved by the assistance of those more fortunately placed.

Teachers Ask Salary Increases

Present Request At Monday Meeting Of Trustees

Representatives of the Teachers' Association of Saanich School District No. 63 attended Monday evening's meeting of the school board in the Sidney board room and requested salary increases to become effective on the first of January. The delegation was given a respectful hearing by the board, and Chairman P. E. Thorp promised that a careful study of the salary situation would be made by the trustees.

The following teachers comprised the delegation: D. E. Breckenridge, N. E. West, D. W. Cobbe, and R. C. Blodgett, all of the staff of North Saanich high school.

The delegation urged that minimum and maximum salaries of elementary teachers be increased \$240 annually and that minimum and maximum salaries of secondary school teachers rise by \$360 annually. The spokesman pointed out that the last salary increase had taken place following arbitration two years ago and that no advance had been recorded last year. He contended that the Saanich salary schedule was the lowest on Vancouver Island.

The following statistics were presented:

Elementary Teachers		
	Min.	Max.
Saanich (present)	\$1,440	\$2,380
Saanich (proposal)	1,680	3,120
B.C. Teachers' Federation (min.)		
Victoria	1,650	3,000
Sooke	1,638	2,898
Ladysmith	1,500	2,650
Nanaimo	1,650	2,950
Alberni	1,650	3,000
Lake Cowichan	1,600	2,900

Secondary Teachers		
	Min.	Max.
Saanich (present)	\$1,800	\$3,600
Saanich (proposal)	2,160	3,960
B.C. Teachers' Federation (min.)		
Victoria	2,016	3,906
Sooke	2,000	3,800
Ladysmith	2,000	3,820
Nanaimo	2,000	3,820
Alberni	2,000	3,800
Lake Cowichan	2,000	3,800

The following points were stressed by the teachers:
1. The salary schedule of District 63 has the lowest maxima and (Continued on Page Four)

No Immediate Start Seen On Boat Harbor Here

Major-General Pearkes Reports That Govt. Will Reconsider Situation

Recent session of parliament has not improved the situation for the construction of a small boat harbor at Shoal Harbor. Major-General G. R. Pearkes, V.C., M.P., told the annual meeting of the North Saanich Progressive Conservative Association, on Friday evening, that he is "not at all hopeful that any work will be started on this Shoal Harbor project this year."

The General explained that he had approached the minister with the request that the original allocation of \$250,000 set aside in the estimates for a harbor, be transferred for the new project at Shoal Harbor. It had been allocated for a similar construction at Roberts Bay.

Not Hopeful
In view of the recent supplementary budget and the policy of the government to review all projects for which tenders had not yet been let, he did not expect any further steps to be taken in the near future.

A second project in this area is the construction of a consolidated Indian School at the Tsartlip Reserve. The General announced that he had received word last Friday that tenders will be invited immediately for the

construction of this school. The school will serve all the Indians on the Patricia Bay, Cole Bay, East Saanich and Tsartlip Reserves. "I am sure," said the General, "that this school will supply a need that has been felt by all Indian families in the area."

SEPTEMBER WARM, DRY

Summary of the weather for September, 1950, as recorded at the meteorological bureau of the Dominion Experimental Station, Saanich, follows: Last month, with 249.6 hours of bright sunshine — a daily average of 8.3 hours — was the sunniest September since 1935, when 264 hours was recorded. It was also drier and warmer than usual.

The rainfall amounted to only .53 of an inch as compared to an average of 1.37 inches. The highest precipitation for September, 3.51 inches, was recorded in 1932 and the lowest, .16 of an inch in 1918 and 1943.

The mean temperature, 57.3 degrees, was one half a degree above the average. The highest, 80 degrees was recorded on the 1st, and the lowest, 39 degrees, on the 28th. The minimum temperature on the grass was 35 degrees.

HE'S BACK AT GANGES

Percy Purvis, a native of Bruce County, Ont., who settled on Salt Spring Island in 1890, is returning to Ganges after an absence of some years. He built the first store in Ganges soon after the turn of the century.

Mr. Purvis left the island in 1910 and has resided recently in Vale, Oregon. His son, William M. Purvis, is now residing with him at Ganges.

Building Permits Exceed \$17,000

Building permits in North Saanich Regulated Area during the month of September amounted to \$17,055, announced W. R. Cannon, building inspector, this week.

Three permits were in respect of new dwellings. These amounted to \$14,825. The remaining \$2,230 was made up by permits for additions to dwellings, private garages and miscellaneous structures.

SIDNEY LADY IS BEREAVED

Mrs. B. Deacon, of Shoal Harbor, was bereaved by the passing of her sister, Mrs. Dora B. Christopher, at the Royal Jubilee hospital on Thursday, Sept. 28. Mrs. Christopher was a resident of Victoria. She was a native of Leven, Fifehire, Scotland, and came to the coast 62 years ago.

Left to mourn are her husband, David B. Christopher, in Victoria; one son and one daughter, two other sisters, two grandchildren and many nephews and nieces.

Postman's Car

IS RETIRED AFTER TRAVELLING 160,000 MILES OVER NORTH SAANICH HIGHWAYS

ANY CAR is its own worst enemy. The credit an automobile achieves in the eyes of its owner is the mileage it has covered without occasioning serious trouble. Yet it is this very mileage that ultimately determines the fate of a car.

Most cars are in a state after the first 100,000 miles or so. A motorist can only look to the future and hope that his car will cover an astronomical number of miles. When that achievement is met the car has lost face and is no longer the pride and joy of its owner's heart.

A familiar sight to residents of

MOVE TO SIDNEY FROM FLIN FLON

Mr. and Mrs. A. T. Leadbeater, formerly of Flin Flon, Man., have purchased the Fifth Street home of D. Aubuchon in Sidney and taken up residence here. Mr. and Mrs. Aubuchon have moved to Red Deer, Alta.

Mr. Leadbeater was for many years on the staff of the Hudson's Bay Mining and Smelting Co. in Flin Flon and is now retired.

IN HOSPITAL

Mrs. James Leslie, of East Saanich Road and McTavish Road, is recovering from a serious operation in the Royal Jubilee hospital in Victoria. Her condition is reported as satisfactory.

the rural areas of North Saanich is the old Willys 77 lately operated by Walter S. Villers. Mr. Villers has travelled the rural mail route for the last 14 years in his indefatigable car. In its infancy its potential life was anybody's guess. Today its potentialities have been proved.

Last week the old car was retired. For 14 years, day in, day out, week after week, winter and summer, the old car has covered some 40 miles daily. It has covered those miles in a series of fits and starts. Each day it has made between 400 and 500 stops and starts. In its long life it has covered fractionally less than 160,000 miles; a distance amounting to more than five times round the world. Not in one burst of enthusiastic determination, but in a series of movements varying from 20 miles or so, down to a matter of yards.

New Car
In July of 1936 Mr. Villers appeared on the rural roads of the district with his new car. It was like any other new car of the same make and it attracted little attention. In the course of time it became recognized as the mail car and was looked for with enthusiasm and apprehension as the individual expectation of mail might be. When a world conflict snatched away the possibility of a new car the old Willys, and it was not so old at that time, shrugged its shoulders and took a deep breath. It knew it could make the grade for another few years. As the years passed the attitude of the onlookers changed. The car had been the object of criticism for its age. Like an antique, it gained favor for its valiant refusal to be conquered. Finally the day has come when it can no longer be called upon to continue the struggle. It has given way to another of the same make, shining and smooth, soft and pleasant to drive, a vast contrast!

The life of the veteran car did not start with any auspicious introduction to its task. Before it had been on the road for six months it met with a particularly (Continued on Page Twelve)

THE WEATHER

The following is the meteorological record for week ending Oct. 1, furnished by Dominion Experimental Station:

SAANICHTON	
Maximum temperature	64
Minimum temperature	36
Minimum on the grass	30
Sunshine (hours)	44.2
Precipitation (inches)	0.07
SIDNEY	
Supplied by the Meteorological Division, Department of Transport, Patricia Bay Airport, week ending Oct. 1.	
Maximum temp. (Sept. 26)	62.0
Minimum temp. (Oct. 1)	33.4
Mean temperature	40.5
Precipitation (inches)	0.37

Here is a wool jersey wardrobe in miniature. A green worsted jersey of the two-piece variety with matching removable dickie outlined in velvet. Styled by Harvey Webber, Toronto. The navy and red lightweight 100% virgin wool tweed on the left has a tricky and fascinating walk-away back with a double kick pleat for walking ease. The wide turned back cuffs and flap pockets are perkily pointed. A dress always ready to go anywhere. By Deja Ladies' Wear Ltd., Montreal.

In And AROUND TOWN

MRS. W. J. WAKEFIELD — Telephone 140R

The Bazan Bay group of St. Paul's United church W.A. held its first meeting of the season on September 28, at the home of Mrs. H. Reading, East Saanich Rd. Ten members were present. In the absence of the president, Mrs. E. Sapsford, Mrs. K. Dingley presided. After the general business, plans were made to hold the annual bean supper on November 3 in the church parlor. A social hour was then enjoyed and refreshments served by the hostess, assisted by Mrs. W. Gush.

Miss Barbara Foster, former student of Mount Newton high school, who averaged 84.2 in the June departmental examinations, is now attending Victoria college.

Mr. and Mrs. Wm. Gordon, of Vancouver, were week-end guests of the former's nephew, Mr. and Mrs. Jack Gordon, Second St. Mr. Gordon is assistant manager of Marshall Wells in Vancouver.

Mr. and Mrs. J. N. Bray, Roberts Bay, have left by plane for a holiday with friends in Portland, Ore.

Squadron Leader and Mrs. C. S. Goode have been on a motor tour of the North Island with their friends, Mr. and Mrs. Frank Chappelle, of Pike Lake, and returned to Sidney at the end of last week.

Mrs. Bruce McLellan and daughter, Dale, have arrived from Prince George, where they have been spending the summer, to be guests at the home of Mrs. McLellan's father, J. S. Gardner, East Saanich Road.

Mr. and Mrs. Ken Ritchie, and the former's mother, Mrs. Helen Ritchie, Aldous Terrace, will be among those present at the Ritchie-Smith wedding to be solemnized Thursday evening at the Metropolitan United church in Victoria.

Mr. and Mrs. William Hale, Third St., after accompanying Mr. and Mrs. H. J. McIntyre on a motor trip to Montreal, Ottawa, Winnipeg and other points in the east.

Mr. and Mrs. William Oliver returned to their home on Deauville Rd., this week after motoring to Reno.

Valerie Claire Hamilton, daughter of Mr. and Mrs. H. G. Hamilton, of Duncan, recently became the bride of Ronald James Robertson, son of Mr. and Mrs. H. Robertson, Vancouver. Valerie, who formerly lived with her parents on Beaufort Rd., is known to many young people in the district.

Mr. and Mrs. E. S. Dunn and two children, Patty and Tommy, of Calgary, spent the week-end

at the home of Mr. and Mrs. F. Gilbert, Third St.

Alf. Sneed, of Vancouver, renewed acquaintances in Sidney over the week-end.

Miss Brenda Thomas has returned to Vancouver after spending the week-end with her parents, Mr. and Mrs. O. Thomas, Third St.

Mrs. K. Lane, Queens Ave., has returned home after holidaying at Chilliwack, B.C.

Mr. and Mrs. A. Turner have returned to their home at Patricia Bay, after journeying to the B.C. interior, Edmonton and other points. Mr. Turner is on the meteorological staff at Patricia Bay Airport.

Harvey Pierce, of Vancouver, was a guest last week-end at the home of Mr. and Mrs. F. Gilbert, Third St.

Mrs. E. M. Moss arrived from Grimsby, Lincolnshire, England, to visit her daughter, Mrs. M. Challis, West Camp, Patricia Bay. Mrs. Challis, who has not seen her mother for seven years, met her in Vancouver, and they travelled by plane to Patricia Bay on Sunday.

Mr. and Mrs. Charles E. White and three children, of Dewey, B.C., spent the past week at the home of Mrs. White's parents, Mr. and Mrs. J. N. Champion, Third Street.

Mrs. A. Pegg and her daughter, Mrs. Lowery, came from Vancouver to have a short visit with the former's sisters, Mrs. Bushey, San Juan Ave., and Mrs. W. Skinner, First St. They left here for Seattle by car and were accompanied on the trip by Mrs. Skinner and Mrs. Bushey, who returned from Vancouver by plane.

Mr. and Mrs. G. D. Norbury, Queens Ave., returned Monday after traveling in the interior of B.C. and United States, returning to Vancouver via the Hope-Princeton Highway, where they spent a few days visiting friends and relatives.

Mr. and Mrs. R. Sims are guests at the home of the former's parents, Mr. and Mrs. Sims, First St.

Mrs. A. Vigellus returned to her home at All Bay, Monday after enjoying two months in California.

Mr. and Mrs. L. Roberts and baby boy were guests for a week at the home of Mr. Roberts' mother, Mrs. S. Roberts, John Rd. Mr. Roberts is hoping to complete his final year at U.B.C. this year.

Mrs. C. M. Waller, mother of Mrs. C. F. Johnson, Madrona Drive Store, returned home after spending some time in Australia, and Holland. Mrs. W. B. Sterling, who has been visiting in Winnipeg, has also returned and both Mrs. Waller and Mrs. Sterling are now residing on Madrona Drive, Deep Cove.

Mrs. Jack Zabel, of Victoria, has been staying at the home of her parents, Mr. and Mrs. G. D. Norbury, Queens Ave., for the last two weeks.

Mrs. H. Hilsden, Moses Point, returned Thursday from a four-month enjoyable vacation. Two months were spent visiting the Channel Islands, and touring England. The last two months were spent in the United States and Canada. In Leader, Sask., she visited her daughter. It is 20 years since Mrs. Hilsden last saw England, and she was surprised to find the people so well dressed and fed. When she arrived, the gasoline ration had been taken off and she was able to travel over a great deal of the country in spite of wet and cold

Sidney Girl Wed In Dawson City

At an attractive wedding at St. Paul's Pro-Cathedral, Dawson, Y.T., recently, Dorothy, daughter of Mr. and Mrs. Frank Penke, of Sidney, became the bride of Lawrence Crayford, of Dawson.

The bride was given in marriage by Jack Butterworth and was attended by her sister-in-law, Mrs. Will Crayford while Will Crayford acted as best man for his brother.

For her wedding she wore a pale pink rayon dress with matching hat and carried to the altar a beautiful corsage and white bible. The bible, by the way, was the same one carried by her sister at the latter's wedding at Prince George, B.C., two weeks ago. The matron of honour wore a dress of pale blue crepe with matching accessories.

Reception Following the wedding, a public reception to honor the newlyweds was held at the home of the groom's parents, Mr. and Mrs. Harold Crayford.

Mr. and Mrs. Crayford will reside in the former Dr. Gillis home in Dawson, which the groom purchased last fall and which he had been remodelling and modernizing since March of this year.

After the reception Friday evening the newlyweds left for Rock Creek where they have been spending their honeymoon at the summer camp of Mr. and Mrs. Will Crayford.

weather. Mrs. Hilsden said she rather preferred the cooler weather to the extreme heat she had left behind her in the United States.

On Friday, September 29th, the North Saanich Service Club held a telephone 500 card party at the following homes; Mr. and Mrs. N. East, Amity Road, Mr. and Mrs. A. Nunn, Bazan Bay Road, Mr. and Mrs. J. H. Nunn, Henry Ave., Mr. and Mrs. Stockall, Shoal Harbor, Mr. and Mrs. B. Reading, Bazan Bay Road. Ladies and Gents prizes were won by Mrs. R. A. Sansbury and Mr. F. Nunn, First; Mrs. W. Beswick and Mr. H. Nunn, Second; and Mr. C. King and Mrs. A. Sanders, consolation.

**PROPERTY OWNERS
TO MEET FRIDAY**

An important meeting of Mount Newton Property Owners' Association has been called for Friday, Oct. 6 at 8 p.m., at the

Farmers' Pavilion, Experimental Farm. A large attendance is requested.

Mercury is the smallest planet in the solar system.

Continued from Page 2.

**In and
AROUND TOWN**

Mr. and Mrs. Wm. Foster had an enjoyable motor trip from Port Angeles going through the States to Nelson, South Slokan, Trail, Rossland, and Okanagan Valley where they visited relatives and friends, returning home via the Hope-Princeton Highway.

Ft.-Lt. James John, R.C.A.F., is enjoying a month's leave at the home of his parents, Mr. and Mrs. Elmer John, East Saanich Rd.

Mack Anderson has returned to Sidney from Toronto. He drove across the country in a truck. He is the son of Mr. and Mrs. J. C. Anderson, of Ardmore. He has been interested in a number of oil projects during the past few years.

Mr. and Mrs. Thos. A. Aiers, accompanied by their daughter, Yvonne, "Rockhaven," Admiral Road, returned home after enjoying a week in Vancouver. At the time of their holiday, they found in a Vancouver paper, that a cousin of Mr. Aiers, whom they had not seen for 12 or 15 years, had attended a Vancouver wedding. After many phone calls, they were fortunate in locating their relative. He had been in the city for two months and was more than surprised at having kin folks so close at hand. Up until the time of meeting, he had understood that Mr. and Mrs. Aiers had made their home in Australia.

At the home of Mr. and Mrs. George Gray, Second Street, their daughter, Valerie, entertained at a square dance party Saturday evening. Invited guests were: Elisabeth Boshier, Margaret Smith, Dorothy Wilson, Valerie Head, Barbara McConachie, Donna Gilbert, Stuart Beaveridge, Roland Gilbert, Alfred Schmidt, James King, Dick Bennett, Billie Fleming, David Christian and Paddy Dalton.

Last Thursday, mothers interested in the new kindergarten, turned out to clean up the officers' mess at East Camp, Patricia Bay Airport. When 35 little tots gathered for their first lessons on Monday morning, they found the large room bright and shiny. Walls were done in cream with nursery borders, and polished windows were draped with red and white curtains. Mrs. Adams, a talented artist, is painting nursery rhyme posters, and as completed, they will be placed on the walls. Box-type chairs and four tables, each seating six, were made by the pupils' fathers. Mrs. Heal, of Saanich, has been chosen to teach the young people, and 25 were enrolled; 14 are on the waiting list. Fruit, donated for a morning snack, seemed to be very much enjoyed. Monty Collins was among those who supplied transportation for seven of the little folks from the Sidney area. Mrs. M. Challis, president of the organization, states mothers and members are enthusiastic about the co-operation they have received thus far in the task undertaken. They hope they will soon be in a position to enlarge the class and enter those who are on the waiting list, and others that may be interested.

Mr. and Mrs. William Foster, Bazan Ave., were among those attending the Pinley-Dart wedding solemnized at First United church, Victoria, Saturday evening.

PAST ELECTIONS

Since Confederation the Conservative party has won eight national elections, the Liberal party has won 12.

C.N.R. Promotion

Promotions in the operating department, Canadian National Railways' Western Region, effective October 1, include the appointment of R. H. Robertson as general superintendent, British Columbia district, with headquarters in Vancouver. Formerly superintendent, Kamloops division, Kamloops, Mr. Robertson has succeeded Frank H. Keefe, promoted to general manager, Western Region, Winnipeg.

Mr. Robertson started railroad-ing as a messenger in the freight department in Calgary, in 1915, and after working his way up and serving at many points, became an assistant superintendent at Port Arthur in 1940. Two years later he was moved to Fort Rouge, Man., and in 1948 was promoted to superintendent at Kamloops.

**RESERVE ARMY
ORDERS**

156TH HAA BATTERY
75 (BC) HAA Regt RCA CA (RF)
PART 1 ORDERS

by
Major L. R. J. Palmer, RCA
Commanding
Order No. 16

Patricia Bay, B.C., Sept. 28, 1950.

1. Duties: Orderly officer — Week ending 2359 hrs., Oct. 5, 1950, Lieut. A. E. Sherwin; next for duty, Lieut. J. N. Gordon.

Orderly sergeant—Week ending 2359 hrs., Oct. 5, 1950, Sgt. J. D. Helps.

2. Routine: Thursday, Oct. 5: Roll call at 2000 hrs.

A lecture on internal and external ballistics will be given. Dealing with the forces operative on the projectile within the bore of the gun and during its flight, this lecture will be given by Capt. W. Orchard.

A lecture will be given on motor transport, dealing with the operation and uses of the "Jeep," by BSM R. W. Clarke.

Dismissal parade at 2200 hrs.
L. R. J. PALMER, Major,
Officer Commanding,
156 Bty., R.C.A.

Notices

On Sunday, Sept. 24, officers and other ranks of 156 HAA Battery, together with other personnel from 75 (BC) HAA Regt, RCA CA (RF) proceeded to Heals Range. In spite of adverse weather, instruction and firing of rifle, Bren, and Sten gun took place. Some excellent scores were turned in. A member of the Regt. Rifle Assn. was present to coach each man as he fired and to record shots. Rain, which had threatened all morning began to fall shortly after noon, but all ranks got under cover in the mess hall where a very excellent full course chicken dinner was served. Another day on Heals Range is planned for Oct. 8 or 15.

**Two Veterans Of
Saanichton Are
On Prize List**

Two Saanichton veterans were among the runners-up in the recent 1950 Veterans' Land Act small holding development competition. Daniel F. Butler, of Denecross Terrace, and J. H. Wheeler, of East Saanich Road, both competed in the class covering more than one acre.

The competition was won by Gordon Stancombe, of Saanich. Mr. Stancombe was competing in the class for less than one acre. He also headed that class. More than 4,100 veterans established on small holdings under V.L.A. were eligible for the contest. "Emphasis was placed in judging on the secondary income potentialities developed by small holders," stated D'Arcy Baldwin, V.L.A. district superintendent, "the prime objective of this competition was to encourage veterans in the economic as well as the aesthetic improvement of their properties."

Prizes amounting to \$1,200 will be distributed among nearly 200 veteran settlers.

**WEST SAANICH
SCHOOL NEWS**

(By Helen Van Ness and Charlotte Ann Bando)

The girls have now started to play basketball and the boys football.

Miss McIntyre won the star for the last P.T.A. meeting, for the room having highest percentage of parents attending the September.

We have had our first Junior Red Cross meeting for the term. Sylvia Cave read the story of Thanksgiving. Sylvia Simelhurst read a Thanksgiving poem. Jacqueline Chubb read a Thanksgiving story.

Games were then played, directed by Sylvia Cave, Charlotte Ann Bando, Robert Callaghan and David Durrence.

NEW COLOR FOR CANVAS

With special canvas paints that are now on the market it is possible to renew faded awnings and garden umbrellas. Such a coating keeps them from mildewing and is water repellent.

SAANICHTON

The Saanichton Community Club held the first 500 party Wednesday evening in the Orange Hall with eight tables in progress. Prize winners were: Ladies' first, Mrs. Goodmansson, Gentlemen, Fred Michell, Tom-bola, Tom Michell. Refreshments were in charge of Mrs. Dadds and Mrs. T. Molson. Arrangements, Major Dadds and R. Godfrey.

Mr. and Mrs. Hilliard and two sons, formerly of Jeffrey Road, Saanichton, have taken up residence on Dean Park Road.

Members of the Saanichton Community Club and Saanichton P.T.A. joined forces on Monday evening in the Community Chest Campaign of the Saanichton district, and with the co-operation of the residents reported a successful drive, and collected \$235.25. Refreshments were served to canvassers at the home of Mr. and Mrs. W. Turner, Cultra Ave., at the conclusion of the drive.

In honour of Mr. and Mrs. T. Holte, Cultra Ave., who celebrated their 11th wedding anniversary Saturday, a party was held at the home of Mr. and Mrs. Les Marshall, Deep Cove. Dancing and community singing was enjoyed by the guests, after which a buffet-style lunch was served. Those present were: Mr. and Mrs. Chuck Wilkinson, Mr. and Mrs. Reg. Bowen, Mr. and Mrs. G. Mounce and Bob Mounce, Mr. and Mrs. C. Kent, Mr. and Mrs. Walter Baine, Vancouver; Mr. and Mrs. Tiny Range, Mr. and Mrs. Jack Morrison, Mrs. Emma Titterton.

IT'S ON THE HOUSE

With a green roof, the body of the house will look well if painted white, cream, grey or pale green. For the shutters and doors, blue, blue-green, grey, straw color, and the rust tones can be used successfully.

FIRE PROTECTION

THERE is no better fire insurance than a fire department. An insurance policy rarely covers the total loss entailed by a fire. An efficient fire department rarely permits a loss to reach extensive proportions. Every property owner in North Saanich is a potential victim of fire. Whether his home is of wood, brick, stone or cement, the householder can never say that his property is fire-proof. This point will be driven home during the annual observation of Fire Prevention Week from October 8 to 14.

That the average householder recognizes the need for fire protection is evidenced by the regularity with which residents of North Saanich have supported the Sidney Volunteer Fire Department. Few home owners, however, have subscribed as much to the fire department as have the firemen themselves. For more than three years the fire crew have attended at the hall at least one evening a week to assist in the construction of the new fire hall. During that period the building has reached its present state of near completion.

At the same time as constructing the hall the firemen have also built a second fire truck. Under the capable supervision of Fire Chief G. A. Gardner, Sidney volunteer fire crews have proved themselves builders and engineers. The only satisfaction they have derived is that of achievement. There is no provision for payment.

The fire committee has now decided that the remainder of the work should be carried out by paid labor. The firemen have done their share. It is for the residents of the area to demonstrate that they appreciate the work that has been done by these public-spirited citizens.

The committee is asking for a dollar from every resident of North Saanich. It is not a vast sum in comparison with the hundreds of dollars contributed in labor by the members of the fire department.

A FEW WORDS ABOUT DEMOCRACY

IT may be timely to write a few words on the subject of democracy. It's something which many of us claim that we hold dear.

The Review's battered dictionary defines democracy as follows: "Government by the people; a form of government in which the supreme power is in the hands of the people, and directly exercised by them; hence, more usually, a form of government in which the power resides ultimately in the whole people, who conduct it by a system of representation and delegation of powers."

Now what's the application of this definition to conditions of today in this area? Whenever a vote is taken on any important matter, the total number of those who do not exercise their franchise is appalling. In other words they are contributing towards the collapse of democracy because they refuse to do their part in exercising directly their power. The "whole people" are not pulling their weight, permitting the power to fall into fewer hands than was intended by democracy.

There were two glaring examples in North Saanich in recent weeks of the failure of the democratic way of life. Mount Newton Property Owner's Association advertised a meeting of vital importance to its members. The executive — elected in the democratic way — urged the attendance of the members so that a democratic discussion could take place and the majority decide on the issues at stake. A mere handful turned up at the appointed time.

A Chamber of Commerce is a vital force in any community. Its officers are elected by the membership at large. It aids materially in the growth and development of any district. It is a steady force in community progress. Yet attendance at recent meetings of the Sidney and North Saanich Chamber of Commerce has been so small that no business could be transacted. Democracy is definitely on the down grade when such apathy exists.

This community will lose a powerful weapon for progress if the Chamber of Commerce ceases to exist. Every retired man and every businessman should be present at the next properly called meeting. Democracy carries its responsibilities and this is one of them.

...Letters To The Editor...

IS GRATEFUL
Editor, Review,
Sir:
I wish to thank you for the Review which I won as a special prize at the Mayne Island Fair. I shall find it most interesting.
Yours truly,
Mrs. W. M. GREENE,
222 East Fifth St.,
North Vancouver, B.C.

OUTLINE OF HISTORY
Editor, Review,
Sir:
About every two weeks for some time past we have been given under "Letters to the Editor" a somewhat rambling summary of parts of H. G. Wells' "Outline of History."

It is considered good manners to use quotation marks when quoting, or if the quote is not verbatim at least to give credit to the source of reference.

I was glad to see your correspondent acknowledge last week what was obvious, that he had been cribbing from "Outline of History."

Wells, of course, was no authority on sacred matters yet we read: "Fire came to be a sacred thing, and is yet in some churches where candles are used for ceremonial purposes."

That is the usual form of biased thinking with the implication that Christian worship is simply a developed pagan thing. There are far too many amateur Wellses trying to tell us that Christmas is merely the outcome of our Anglo Saxon forefathers was for each to bring his candle to the parish church, to be there blessed and then carried in procession; "for though some men cannot sing, they can, nevertheless, bear the light in their hands; for on this day was Christ, the True Light, borne to the Temple, who redeemed us from darkness, and brought us to the eternal light."

One emphasis is all too light: "Let your light shine before all men." It is not my intention to write a thesis on ecclesiastical candles, although it can be more interesting than gloomy Wells, but to emphasize that quoting wholesale from another person's book over one's own signature is not done in the best circles, in fact a bank manager would take a very dim view of such proceedings. However, the next chapter deals with jelly fish, etc., as the waters covered the earth. Let's of a pagan midwinter festival,

The Review's Book Review

"KON TIKI," by Thor Heyerdahl. Rand McNally & Company. 297 pp.

On August 3, 1947, King Haakon, of Norway, celebrated his 75th birthday. Among the many messages received by the Norwegian monarch a radio call from mid-Pacific was probably the strangest. Thor Heyerdahl and five friends were on a balsa-log raft between Peru and the South Sea Islands. They were equipped with a short-wave radio and had established contact with an amateur in Oslo. The following day a reply from King Haakon was received through the Oslo ham.

The crew of the primitive raft were activated by one basic reason. Heyerdahl, the author, had spent several years correlating various discoveries regarding the early civilizations of South America and the Polynesian peoples of the Southern Pacific. He had propounded a theory, in a treatise on the subject, that a definite link could be traced between these groups of people. An eminent authority on the subject had ridiculed the idea on the grounds that the ancient peoples of South America had not been provided with boats. "They had balsa-wood rafts," suggested Heyerdahl. The ethnographer smiled and said: "Well, you can try a trip from Peru to the Pacific Islands on a balsa-wood raft."

The author and his companions had no previous experience of rafts and their knowledge of navigation was limited. The vessel was built exactly to the ancient Indians' pattern. Their problems were identical with those of the old Indian civilizations who sailed the coastal waters in these primitive vessels.

The Kon-Tiki left Callao, Peru, on April 28, 1947. She arrived forlornly at Puka Puka on August 7. She ran aground and six seafaring travellers feasted their eyes on solid land.

The ship-wrecked mariners spent many hours trying to contact civilization by radio. The only response to their announcement that they were shipwrecked on a South Sea island was one of impolite disbelief. Finally they were assisted by the native peoples of the South Sea Islands.

They had spent 101 days on the raft and covered 4,300 nautical miles. This distance is equivalent to that between Chicago and Moscow.

The book is vividly descriptive and offers a wealth of information on the peoples of the whole Pacific Coast of America, from Northern B.C. to Peru and beyond. It is both interesting and informative. — F. G. R.

Easter a ditto of Spring, and so on.

Candles in Christian worship originated, we are authoritatively told, in the dark underground catacombs where the early Christians used them for light. When Christians came above ground the candles were retained as symbolic of Christ, the True Light of the World.

Aelfric, Archbishop of Canterbury, writing of Candlemas Day, tells us that the custom among skip it.

Yours sincerely,
S. A. KIRK.
Sidney, B.C.,
Oct. 2, 1950.

AN APPRECIATION
Editor, Review,
Sir:

If I may intrude on your valuable space, I would like to thank a gentleman for so kindly attending to our kitten's injuries after accidentally running over it. He went out of his way to take it to the pet hospital and have its injuries attended to.

It was a splendid lesson in kindness to many drivers who run over dogs and cats on the highway and never look over their shoulders.

In a world of so much cruelty it is very refreshing to meet someone with a little human kindness toward dumb animals.

JAMES LOGIE.
Sidney, B.C.,
Oct. 4, 1950.

Foreign Affairs Heads Meet

Andrei Y. Vishinsky (left), Foreign Minister of the USSR, and Dean Acheson, Secretary of State of the USA, greet each other at the United Nations General Assembly, now meeting at Flushing Meadows, New York. Foreign ministers of 28 countries attended the opening session.

Reflections From the Past

20 YEARS AGO

William Armstrong, of New Westminster, and a former well-known resident of Sidney, left on Tuesday after visiting with a number of friends here.

Col. Cyrus W. Peck, V.C., D.S.O., M.P.P. for the Islands and former member for the Skeena district, one of the best-loved battalion commanders of the Canadian Corps, has been appointed

MORE ABOUT LIBRARIAN

(Continued from Page One)

sion. He is the author of a number of books and articles on librarianship and literature. His broadcasts on C.B.C. International Service have been a welcome feature. He is a lecturer on literature at the University of Toronto, where he also lectures on library architecture and lighting at the university school of architecture and the library school.

Local Address

A keen member of the Rotary Club of Toronto, Mr. Hilton-Smith is program committee chairman of that club. He addressed members of the Sidney Rotary Club last week, pointing out that Canada boasts some outstanding authors and poets but that little encouragement is given them in a monetary way. Many have left for the United States where there is a greater reward for their creative efforts.

The enlightening address made a deep impression on club members.

MORE ABOUT TEACHERS

(Continued from Page One)

minima of any other Island district.

2. District 63 has the lowest increment of any Island district. Compared with Sooke's increment of \$150, this is a direct annual saving to the board of approximately \$1,600.

3. All other districts reach their maxima in less time than Saanich. Again, this is another direct saving to the School Board.

4. More attractive schedules draw a considerable number of teachers every year from District 63. This is detrimental to the educational standard of Saanich, and in the long run, a very costly one to the district.

5. Most school districts will be negotiating for higher salaries this fall, so that it is quite likely that Saanich, in 1951, would be suffering a three-year lag.

6. It is only just and desirable that two adjacent districts, such as Victoria and Saanich, working under similar conditions, should have similar schedules.

7. The fact that there was no increase last year saved the board a considerable sum of money.

8. Since the rural mill rate covering teachers' salaries is pegged at 8 mills, the cost to the board of any increase is approximately halved.

judge of the Pensions Court of Canada, representing British Columbia. The announcement came from Ottawa.

On Saturday an important historical event took place when the new ferry, "Cy Peck", arrived at Fulford Harbor for the first time. She brought 200 or more distinguished guests. The committee in charge of the reception at Salt Spring Island included W. E. Scott, Mr. Case-Morris, Mrs. V. Best, Mrs. E. Maxwell, Mrs. C. J. Eaton, Miss B. Shaw, N. W. Wilson, Mr. Chaplin, W. M. Moutat, Mr. Bullock, Harold Price and Mrs. H. Johnston.

The many friends of Mrs. A. W. Hollands will be pleased to know that she has returned home from St. Joseph's hospital, in Victoria. She is now making satisfactory progress.

Mrs. C. W. Peck entertained at tea last Tuesday in honor of her niece, Miss Miriam Peck, who has left for Toronto, where she will attend college. Those present were Mrs. Peck, Mrs. Chapman, Mrs. P. Bodkin, Mrs. J. E. McNeil, Mrs. J. Ramsay, Mrs. Short, Mrs. G. Agnew, Mrs. A. Deidahl, Mrs. E. L. McKenzie, Mrs. S. Roberts, Mrs. H. J. McIntyre, Miss Miriam Peck, Miss Amy Vye and Miss Heap.

Mrs. H. L. Witherby is the first lady member of the North Saanich Golf Club to make a hole-in-one. When playing on Tuesday afternoon she sank her tee shot at the eighth hole—a distance of 185 yards.

25 YEARS AGO

Bert Readings, Bazar Bay, met with a painful accident this week when he fell while working on the new house of Mr. Hall. Besides being badly bruised Mr. Readings suffered a bad cut on the back of the head. He received medical treatment for the head wound.

The second annual meeting of the Basketball Club was held at the Central Hall, Ganges, on October 1. Attendance was good. Stanley Wagg was re-elected president, Miss Ruth Holt, vice-president and Gerald Ringwood, secretary-treasurer. Captain Cyril Wagg; vice-captain, Joe Akerman; committee: Cyril Wagg, W. Palmer, Joe Akerman and Jessie Bond; auditors, William Norton and O. Stacey.

Mr. and Mrs. J. J. White and

proximately halved. 9. The increases that teachers have received from time to time barely keep pace with unskilled or semi-skilled labor. 10. In making this request the teachers realize that they are not even approaching the remuneration of other professional groups.

MORE PEOPLE

At June 1, 1950, Canada's population was estimated to be 13,245,000, an increase of 296,000 in 12 months.

In an area of 6,000 square miles southeast of Lake Winnipeg there are 3,000 lakes.

little Eileen McKenzie are spending a short holiday in Seattle and Vancouver, where they will visit with friends and relations.

The lady members of the Deep Cove Social Club held a meeting in the club hall on Monday evening under the presidency of Mrs. George McLean. After the reading of the minutes by the secretary, Mrs. Thomas, further plans for the forthcoming bazaar and Country Fair were discussed.

Mrs. Runion, who had temporary quarters in the Sidney Hotel for her cleaning and pressing business, is now located on Beacon Avenue, next door to the Flying Line Stage waiting room.

The following is the ranking of pupils of Deep Cove school, in order of merit, for the month of September: grade 8, Gwennie Argyle; grade 7, Marjorie White, Dorothy Calvert; grade 6, Eric White, Sidney Jones, Frank Lines; grade 5, Raymond Stevens; grade 4, Eric Jones, Cecil Lines, Dora Beatty; grade 3, Helen Mann, Marjorie Stacey, Joan Mann.

Miss Caroline Williams, of Patricia Bay, has resumed her violin studies at the Dominion Academy of Music, Victoria. This is her second year under Prof. Tickle.

30 YEARS AGO

The home of Mr. and Mrs. G. E. Goddard was the scene of a very successful surprise party last Friday evening. The occasion was the birthday of Victor and Everett Goddard. Among those present were Miss W. Fatt, Miss B. Johnstone, Miss E. Whitling, Miss Rosa Matthews, Miss Basset, Miss Curtis, Miss G. Harrison, Miss Jean McNaught, Miss M. Cochran, Mrs. V. G. Field, L. McClinton, J. Burt-Smith, F. Hooton, S. Blyth and C. Cochran.

Cecil Springford has recently completed his new home, at Ganges, and taken up residence there.

Murray McKenzie, son of Mr. and Mrs. A. McKenzie, Saanichton, has left for Portland, Ore., where he is attending the dental college. He was accompanied by his sister, Mrs. J. M. Waters, who will stay some time in Portland.

The death occurred at her residence, Bannockburn, Mount Newton Cross Road, on Monday evening, Oct. 11, of Mrs. Margaret Thomson, widow of the late pioneer William Thomson. Mrs. Thomson was 79 years of age.

Mrs. H. Kirkpatrick, a former resident of Keating, and now of Quadra St., Victoria, received severe injuries in a fall at her home on Monday last. She missed her footing and fell the full length of the stairway.

Mr. and Mrs. Lorne Thomson, of Brentwood, returned from Vancouver on Monday evening, after attending the funeral of the latter's father, J. J. Kelly.

Several strangers have made their appearance in Tod Inlet recently as a result of the opening of the Bamberton Cement Works.

Eric Springford is looking after W. T. A. Burkett's property while he is away. Mr. Burkett was married in Westholme last week and he is expected back at Ganges shortly. His bride is the former Mrs. Atkinson and their new home is that which Mr. Burkett has purchased from Mrs. Jane Moutat.

The Wise Gardener

Notes From Saanichton Experimental Station

Many gardeners are still uncertain as to when pears are ready to pick. Cherries and plums should come to full maturity on the tree for home use; peaches will have more quality if left to ripen on the tree or be picked just as they are ready to drop. Pears, to be at their best, must be picked while still hard and firm. If the fruit lifts from the spur freely then it should be picked even though it might adhere a week or more longer.

Some varieties drop their fruit in a more immature condition than others; laigreau is a good example of this. Usually when one or two normally developed fruit fall to the ground it is a warning that the tree should be picked. In more recent years a pressure tester has been devised to record the firmness of the flesh and its resistance to pressure. This instrument is an aid in determining maturity along with visual indications. Optimum pressures have been determined for many pear varieties. Bartlett should have a pressure of 17-19 pounds, Bosc 15 pounds and Anjou 12 to 14 lbs.

In the packing of commercial pears it is very important that attention be paid to the correct stage of maturity but for home use where storage is not a factor visual indications are sufficient.

With the gladiolus just around the corner, it is time to consider the subject of curing and storage of the corms. In this area, October is the best month to dig. If possible dig on a bright warm day, leaving the corms outside in the sun and wind for a few hours, to help along the curing and drying process that should be continued before storage.

The essential feature about curing is the removal of surplus moisture from the corms, particularly from the surface. The removal of excess moisture results in a toughening of the outer fleshy tissue that

FASHION'S FOIBLES
Most men can generally wear comfortable shoes throughout their lifetime but the ironclad rules of fashion often condemn women to the discomfort, pains and aches of impractical and unhealthy shoes. To be comfortable and healthy, shoes should protect the feet without hindering their natural movement and flexibility.

enables the corm to resist storage diseases more effectively. It is best that the curing be thorough and started promptly after the corms are brought indoors. For most purposes curing is effectively accomplished by holding at 75 to 80° F. for a period of ten days to two weeks, with reasonable ventilation for removal of the moisture laden air. After this treatment store the corms in a moderately cool and airy place.

Storage at a temperature ranging between 38 to 45° F. has proved very satisfactory at the Saanichton Station. Thorough culling of damaged and diseased corms should precede storage. Examination during winter storage should be done periodically, as additional culling may be found necessary.

FREE TO GROW
A child needs plenty of freedom to exercise every part of his body if he is to grow properly. Formal exercises and fixed gymnastics are bad for young children for they do away with wit and humor and imagination. Children need to play vigorously and preferably in the open air, and the wise parent will suggest games that involve exercising all parts of the body.

About half a billion dollars will be invested in Canadian manufacturing industries this year.

Tribute To Weekly Press

Under the heading "The Local Press" the issue of The London Times of Aug. 2, 1950, carries the following story of general interest to readers of this newspaper:

It has been pleasant to see, in all the controversy that is taking place over the supply of newsprint, and a modest word put in here and there for the local newspaper, especially the local weekly paper. One such plea came from the editor of the "Windsor, Slough and Eton Express," and Robert Richards, in the House of Commons on Thursday night, spoke on behalf of those papers printed in Wales. Every one who knows anything of life outside the largest cities in England—or in Wales or Scotland—will have sympathy with this advocacy, for the local paper performs a very special service in the social organization of hamlet, village, or small town. It is a service which demands a certain spaciousness of treatment. What is a report of a flower show without a full list of prize-winners? Is it possible to do justice to a parish council meeting without recording, not only all the speeches and resolutions, but all the asides and interruptions too? Today abridgement and compression have to be compassed somehow—but too often it is at the expense of that detail which is the very life-blood of the record and which gives a good local weekly its strong hold over the affections of its readers.

It is a matter of experience that, for many country folk, the arrival of the local weekly is far more important than that of the national daily. Indeed, in many a country home the local paper is the only one that is read. Such a thought may be chastening, or seem scarcely credible, in a metropolitan newspaper office; yet in fact there is nothing strange about it. World events, even national events, such as fill the news columns of a daily, can seem infinitely remote to country dwell-

ers. What the local paper reports is not remote; it is what is happening around them, to themselves, to their neighbors. Here is the actuality, the chronicle of things within the daily experience of readers, which can seize the interest much more readily than the rumor of distant events.

As for politics, are the opinions of the local candidates, whom the reader knows, or has at least seen, not of more import than those of far-away Cabinet ministers? Except for the confirmed politician, there can be no answer but one. That, however, is not all. It is not merely that the local paper reports what is of near concern to the reader; there is the further, and fundamental, consideration that the news in local papers is news stated in basic facts, not in impersonal generalizations. The in-harvest, the women's institute, the case in the police court, the vicar's speech last Thursday, the birth next door or the wedding across the valley, these are the units of news—and of life. They affect all men and women, and no one is too humble to have

LORD MAYOR'S FUND
The Lord Mayor of London's National Thanksgiving Fund is growing at the rate of £1,000 (more than \$3,000) a day. Chief aim of this fund is to build a centre in London for students from the British Commonwealth and the United States, as a gesture of gratitude for gift parcels, of an estimated value of £20 million, sent to Britain from these countries, during and since the war.

Smallest of the six Great Lakes is Lake St. Clair, 460 square miles in area.

his dozen lines of obituary when he dies. To read a local paper, even if one is a stranger to the locality, can be an engrossing thing, like being taken into the intimacy of a family, for those whose life is passed within its area a good local paper is of continual value, and its loss, or too drastic diminution in size, would be a real impoverishment.

Aluminum Wrappers

keep food fresh!

Aluminum is friendly to food!

Butter goes stale quickly when air and light get in. That's why better butter tastes better. Buy wrapped butter in the many brands that are flavoured-sealed in aluminum foil.

The next time you buy Butter, Cheese, Candy, Chocolate, Tea, look for the brands in clean, hygienic aluminum foil. Whenever you see aluminum on the outside of any packaged food, there's an "inside story" of purity well-protected.

Hints to the Housewife
Wrap food leftovers in aluminum foil. Keep them fresh for another meal. Perishable fruits and vegetables stay fresh in aluminum foil.

HOW TO PAINT WINDOWS
When painting windows, start at the top and work downward painting the respective parts of the window in this order (1) sash top, (2) stiles, (3) sash bottom, (4) meeting rail, (5) stops, (6) trim, (7) stool, (8) apron. The top sash should be pulled down and the inside face of the check rail carefully painted. The edges and the underside of the sash should be thoroughly coated for this is where dry rot starts.

Prototype

The Blackburn Y.A. 5 is the Royal Navy's latest prototype anti-submarine aircraft, specially designed to operate from aircraft carriers as well as from shore-base stations. The Y.A. 5, despite its huge bomb trunk, (the folding doors of which are plainly seen) is not a bulbous aircraft and is designed to have very little drag. The radar dome is retractable.

HOUSEHOLD SCRAPBOOK
By ROBERTA LEE

Painting Over Varnish
When painting over varnish, first clean the surface thoroughly, removing all dirt and grease by washing carefully with turpentine or mineral spirits. Then dull the gloss by rubbing with steel wool or sandpaper, finally wiping off all dust.

Stained Garments
Never press a garment that is stained, as this makes the stain permanent and it cannot be removed without professional help. The spots should be cleaned before pressing.

Home-Made Syrup
Home-made syrup can be prevented from candying after it stands a while by adding a tea-spoonful of vinegar to it.

Lettuce
The leaves of a head of lettuce will not tear and will part in perfect condition if the core is cut off with a sharp knife, and then the lettuce is held under the cold-

water faucet, allowing the water to run into the hole made by the knife.

Lace Curtain
A torn lace curtain can be mended by ironing a piece of starched net over the hole. This is a better method than stitching or darning it.

Never Wring Silk
Never wring silk, but allow it to hang loosely to dry, letting the water drip. Silks should always be dried in the shade.

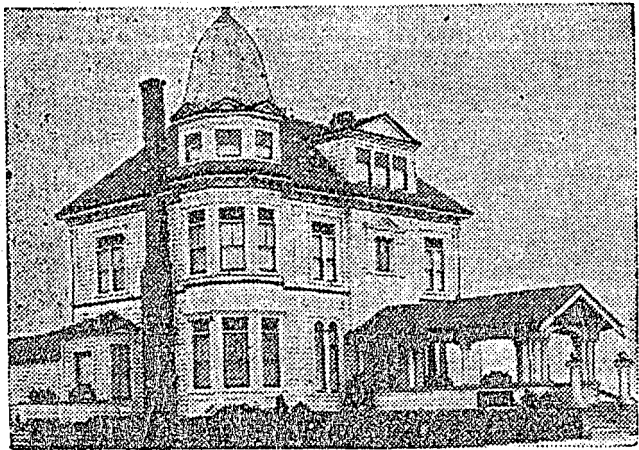

Oily Hair
For hair that is too oily, beat the white of an egg as stiff as possible and rub into the hair until it is wet all over. Allow this to dry, after which the egg will brush out like fine white powder and leave the hair fluffy and bright.

Greasy Soup
Skim the grease from the top of soup by taking square sheets of clean white tissue paper, laying one sheet at a time on the surface of the soup. All the grease will adhere to the paper.

To Draw Threads
To draw threads easily when hemstitching, scrub them with a wet brush which has been rubbed over a bar of soap.

Feather Pillow
When refilling a feather pillow, try crushing a small block of camphor and mixing it with the feathers. This will help preserve the feathers, and keep the pillow from acquiring any musty odor.

COLORS WORK TOGETHER
Each color in a room affects every other color that is there. When you place red next to a wall or an object that is painted with its complement, green, it will give greater beauty to the green. Orange, next to blue, will make the blue seem brighter. Pure blue, incidentally, appears to have a greenish cast when it is next to blue-violet.

New 'Phone Rates Effective Oct. 6

A new schedule of rates for the British Columbia Telephone Company, supplanting the rates authorized in an interim order, has been approved by the Board of Transport Commissioners for Canada in a written judgment. The new rates will be effective October 6.

In June, 1949, the Company applied to the Board for new rates to meet increased costs. Pending a final decision, the Board gave some relief to the Company in May, 1950, by way of an interim order which approved a new scale of rates. These were put in effect, pending the final decision of the Board.

Now the Board has delivered its written judgment which authorizes some further rate changes. These will be effective October 6.

To prevent any misunderstanding, we wish to stress that the written judgment of the Board was not in response to any fresh application by the Company, but was merely the Board's final answer to the Company's application made in June, 1949.

The latest rates authorized are still less than those requested by the Company. In the meantime costs have continued to rise.

Telephone Bills Dated October 6 or Later Will Be Based on New Rates

Telephone bills dated October 6 or later will be based on the new rates. Because the billing dates vary with the different exchanges, telephone bills will contain an adjustment between the old rates and the new for the period from October 6 to the billing date, with the exception of those dated October 6. In such cases, details will be shown on a statement enclosed with the bill. Because of this adjustment, the total rental charges on the first bill may be greater than on later bills.

No Change in Extension Rates

Subscribers will not have to pay anything additional for extension telephones as the new schedule provides for no change in present extension telephone rates.

BRITISH COLUMBIA TELEPHONE COMPANY

NEWSPAPER FROM FAR NORTH

Unusual publication presented to The Review office this week by Frank Peake, of Lochside Drive, is the Dawson Weekly News. It is a four page newspaper and costs 25 cents per copy. At the head of the front page the reader is informed that it is the British Empire's farthest north newspaper.

The Dawson City newspaper is dated Aug. 10, 1950, and prominent play is given to the frosts

which had already caused damage to crops in many parts of the area.

Emphasis throughout the paper is on mining and kindred occupations. Plane schedules include reference to the arrival of a Norseman from the Arctic. Occasional references appear to the cities further south, but the majority of the advertisements and stories have a strong Arctic flavor.

COMMONWEALTH PARLIAMENTS CONFER

Delegates from parliaments throughout the Commonwealth are to attend an eight-day conference in New Zealand in November. The meeting has been called by the Commonwealth Parliamentary Association and will consider foreign affairs, defence and economic relations within the Commonwealth.

Without a Song

Paradoxically, Bruce Webb's signature tune is "Without a Song"—the very thing he has plenty of. He has handled a variety of jobs since he left school in the late thirties, but he has enjoyed using his big bass voice for as long as he can remember. His development as a professional artist is entirely a post-war phenomenon.

Currently he is heard across Canada in his own 15-minute show on the CBC Dominion network—Wednesdays at 8.45 p.m.

SEED POTATO TEST PLOTS

B.C. Federation of Agriculture has just received word through Mr. Norman Putnam, field crops commissioner, that the Hon. Harry Bowman has announced that the B.C. Government will operate two acre test plots at Oceanside, California, for the benefit of the B.C. seed potato growers.

It is the B.C. Federation of Agriculture's wish that as many growers as possible take advantage of this as most of the domestic, as well as the United States sales will, in future, be based on the readings from these plots.

BRUSHES MADE OF REEDS

The introduction of liquid paints in ancient Egypt brought the need for brushes. In the British Museum today there are specimens of tools used by the Egyptian craftsmen, including three brushes which seem to have been made of reeds or the fibrous stems of palm leaves. These reeds, according to historians, were soaked in water and split into minute fragments which formed a brush more or less fine.

BACKGROUND FOR BLONDS

Modern type furniture in blond wood finds an attractive setting in a room with walls painted pearl grey, draperies of dull gold, and upholstery fabrics of deep green and coral.

COLOR SETS THE STYLE

With discretion period furniture may be mixed, but to avoid incongruity there are things to remem-

ber about the general tone of a house or a room. Color should be the keynote to its mode. Louis XV and other French period furniture is usually ornate and frail in appearance, calling for pastel walls and dainty silken drapery. Flowered chintzes, ruffled curtains and prim walls are proper for Colonial. Modern, Spanish and Chinese themes express themselves in vivid splashes of color.

Light, fine-textured BUNS

So easy to make with new fast DRY Yeast!

Here, at last, is fast acting yeast that keeps—stays full-strength without refrigeration till the moment you use it! No more spoiled yeast—no more slow yeast! Get a month's supply of the new Fleischmann's Royal Fast Rising Dry Yeast!

FEATHER BUNS

● Combine $\frac{3}{4}$ c. water, 3 tbs. granulated sugar, 1 tsp. salt and $\frac{1}{4}$ c. shortening; heat, stirring constantly, until sugar and salt are dissolved and shortening melted; cool to lukewarm. Meanwhile, measure into a large bowl $\frac{1}{2}$ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well.

Add cooled sugar-shortening mixture and stir in 1 well-beaten egg and 1 tsp. lemon juice. Sift together

twice 2 c. once-sifted bread flour and $\frac{1}{4}$ tsp. ground mace. Stir into yeast mixture; beat until smooth. Work in 1 c. once-sifted bread flour to make a very soft dough. Grease top of dough. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Punch down dough and cut out rounded spoonfuls of dough with a tablespoon and drop into greased muffin pans, filling each pan about half-full. Grease tops. Cover and let rise until doubled in bulk. Bake in a hot oven, 425°, about 20 minutes. Yield—20 medium-sized buns.

MORE ABOUT GEN. PEARKES

(Continued from Page One)

has not had the chance to gain such confidence. It was an impossible task for him to straighten out the strike."

"No Clear-Cut Policy "There was no clear-cut policy as far as the government is concerned for settling the strike," continued General Pearkes. "We have not settled it. I feel some labor code has got to be introduced in the future to protect people who are not involved in the dispute in question."

General Pearkes described the Korean war as a Spanish ulcer. During the Napoleonic wars, he explained, Wellington remarked that the operations in the Spanish Peninsula would act on Napoleon as an ulcer, that it would sap up the strength of the French forces. "I am not sure that this is not the policy of Russia," he said, "to start trouble in far off places. In five or 10 years Russia will have drained resources of other countries. Those countries will then lend themselves to aggression by Russia."

The present government is not facing up to realities, complained the member. Canada was among those countries to whom the U.N. commander appealed for further ground troops. The government "dilly dallied for a month before doing anything about it." "We have only two permanent force fighter squadrons in Canada, and the government was not prepared to send them to Korea," continued the General. "Our airborne battalions have never been trained as a team." The General advocated that Canada's defence organization be overhauled.

The General went on to speak of Pacific coast defences. "We have no defence today on the Pacific coast," he said, "it is something that we cannot view with any complacency."

"I came away from Ottawa with a feeling of frustration," said General Pearkes, "I believed that there had been a crisis and I felt let down." Summing up the session of parliament, he said that the "baby budget" did not come up to the expectations of those who were expecting a crisis. No indication was given that the government intended to restrict the ever-rising prices. "This is a matter of grave concern to those on a fixed income," he added.

CATHOLIC LADIES TO HOLD SALE

The monthly meeting of St. Elizabeth's Altar Society was held recently at the home of Mrs. Maurice Connor, when arrangements were made for the forthcoming bridge and "500" party on Oct. 18.

It was decided to hold a white elephant sale, and parishioners are asked to leave contributions at the home of Mrs. Scardfield, 1391 Third St., where the next monthly meeting will be held on Oct. 24 at 8 p.m. A home cooking booth will be a feature of the bridge party.

LAND ACT

COWICHAN LAND DISTRICT Recording District of Victoria

TAKE NOTICE that Ted Brown of Ganges, B.C., occupation Farmer, intends to apply for permission to purchase the following described lands situate on Ganges Harbour, fronting on Lots 11 and 12 Registered Plan 2807, Section 2 Range 4 East, North Division Salt Spring Island, and distant approximately 1000 feet in a southerly direction from the High Water Mark thereof:

(Commencing at a post planted at High Water Mark at the north westerly extremity of a small rocky islet; thence S. 36° E. a distance of 1.30 chains; thence N. 34° E. a distance of 0.55 chains; thence N. 36° W. a distance of 1.06 chains; thence S. 54° W. a distance of 0.55 chains to the point of commencement and containing 0.06 acres, more or less." The purpose for which the land is required is construction of a boat house.

Pythian Sisters Gain New Members

The regular meeting of Victory Temple No. 30, Pythian Sisters, was held on Tuesday, Sept. 26, in the K. of P. Hall with 31 members present. W. E. C. Kathryn Waters presided. Mrs. Elsie Jansch, D.D.G.C., of May Temple No. 34, Chemainus, made her official visit. Other visitors were Mrs. May Cook, Mrs. Erickson and Mrs. Laughton of Chemainus, and Mrs. Clara Brown of Victoria.

Four new members, Miss P. John, Mrs. A. Leaks, Mrs. D. Plewes and Mrs. D. Robinson were admitted by initiation. Plans for attending the District Convention to be held in Chemainus on Oct. 26 were discussed. Some items were turned in for the bazaar, which is to be held

POSTAL BUSINESS

Gross revenue of the Canadian post office last year was almost \$96,000,000, more than three times the 1934 figure.

LOTS OF TROOPS

The Netherlands forces in the homeland last year numbered 50,000, while their forces in Indonesia numbered 84,000.

The United States weather bureau reported more than 10,000,000 different local weather observations during 1948.

Oct. 21. Members were urged to bring their contributions next meeting, which will be the last before the bazaar.

Following the meeting, refreshments were served. The next meeting will be Oct. 10.

ASTHMA a NEW Treatment!

RESPATONE is the new Asthma treatment—introduced by International Laboratories and already tested in many parts of the world. Now that it is available in Canada, RESPATONE can bring you the relief it has already brought to thousands of other asthma sufferers. If you suffer from asthma or bronchial ailments, you'll want to try RESPATONE tablets immediately.

Just one RESPATONE tablet will help cut short those agonizing, choking attacks, keep you free from further attacks for extensive periods and ensure the peaceful sleep you need for good health. Respatoe will help you to breathe freely and relieve that tightness in the chest—it does all this because of its outstanding new formula.

For speedy relief — try RESPATONE

Respatoe is fast—goes to work in just 30 seconds to help cut short severe Asthma attacks! One Respatoe tablet will bring speedy, comforting relief. Keep them handy for relieving Asthma in all its forms, also for Bronchitis, Bronchial Catarrh, Night Coughing, Fits, Chest Tightness, Wheeziness, Dyspnoea (Difficult Breathing), Emphysema (Air Distended Lungs). Try Respatoe yourself . . . at all druggists.

Respatoe RELIEVES ASTHMA

South Galiano P.T.A. Sponsors Fund

The September meeting of the South Galiano P.T.A. was held at the home of Mrs. E. J. Bambrick. Regret was expressed at the absence of the new president, Mrs. Harold Shopland, who was a patient in a Victoria hospital. Vice-president Mrs. George Jack took the chair. Installation of the newly elected officers took place.

The sum of \$20 was voted for materials for handicrafts, Miss Juan Wyckoff volunteering to take a class for children in the above subject.

It was decided to start a fund for some worthy project for the children, this money to be used when the occasion should warrant it.

The monthly card parties are to be held on the first Sunday in each month, the first to be held on October 7 at Galiano Hall.

The next monthly meeting will be held at the home of Mrs. L. T. Bellhouse.

Hostesses for the evening were, Mrs. O. J. Garner, Miss E. Endicott, Mrs. L. T. Bellhouse and Mrs. Ronald Page.

Brush and Hanger Technique Is Important

The woman who would look as beautifully dressed all fall and winter as she does on the first brisk-weather day, must well understand the "Brush and Hanger" technique. From its file on "expert advice for care of wool clothing" the Wool Bureau has gleaned a number of basic common-sense rules, easy to follow and important for the long life and beauty of wool apparel.

Plenty of Room
Wool has a natural resiliency that allows it to shape itself or fall back into original lines if shaken out gently and hung up with sufficient space. Never jam woollens tightly into a closet.

Wide-shouldered ones should be used for coats and suits. Wooden or covered hangers for dresses. Pleats should be shaken into place and care taken that no nearby garment is pressing against the pleat lines.

Brush Thoroughly
After each wearing brush woollen garments carefully with a firm bristled brush, paying particular attention to pleated skirts and fur-trimmed coats and suits. Turn fur-trim collars back and brush brisk-

CANCER SOCIETY WELL SUPPORTED IN CAMPAIGN

Welcoming delegates to the semi-annual conference of the British Columbia Division, Canadian Cancer Society, R. Bruce Bucknerfield, president of the division, paid tribute to the generosity with which the public had supported this year's "Conquer Cancer Campaign" in British Columbia.

"But," said Mr. Bucknerfield, "we should not take it for granted that this support will continue. The public will support us only to the extent that we deserve their support, and only so long as we continue to enlarge our activities and, in expending the funds subscribed, are successful in attaining the aims of the society."

Dr. O. H. Warwick, of Toronto, executive director of the Canadian Cancer Society and the National Cancer Institute of Canada, was guest speaker. He said that on a per capita basis Canadian efforts in medical research equal those in any other country.

Benefit to B.C.
Dr. G. F. Strong, chairman of the fellowship, research and bursary committee, said that the B.C. division had given \$28,750 so far this year for research projects and post-graduate studies. The recipients of the bursaries are doctors, nurses and technicians who, having completed their advanced training, return to this province to practice. Thus the people of British Columbia, who so generously support the "Conquer Cancer Campaign," benefit directly from the most up-to-date methods of cancer treatment and cancer care.

MORE TIME IS BLUE TIME
Scientific tests, it is reported, have shown that time is generally over-estimated in rooms painted in red tones; under-estimated, in rooms where the predominant color is blue.

Last year's federal government income tax collections of \$1,298,000,000 were more than nine times the 1939 total of \$142,000,000.

ly into crevices, seam lines and under lapels.

When a garment has been removed, brushed and aired and properly hung up, forget it for 24 hours. This will give it time to lose minor wrinkles as each little wool fibre gradually resumes its normal length or resilient weave pattern.

U.B.C. Research Forest

Camp buildings of the new U.B.C. Research Forest, near Haney, B.C. The forest, consisting of 9,800 acres of timberland, was Crown granted to the university by the provincial government. The British Columbia Loggers' Association levied an assessment of \$120,000 on its members to pay for the buildings, and to provide a working fund. (Inset) Professor Malcolm Knapp, of the Faculty of Forestry, U.B.C., who was largely responsible for the forest being established, and who has supervised its development and will act as director now that it is ready for use.

THE GULF ISLANDS

GANGES

Mr. and Mrs. A. E. Bibbs arrived on Saturday from West Vancouver and are spending a week as guests at Harbour House.

After spending five months at Vesuvius Bay in their launch, Martini III, Mr. and Mrs. Finn Lepsoe, who are building a summer home at "Tantramar," left on Saturday for Seattle.

Mr. and Mrs. Jack C. Smith, Vesuvius Bay, were week-end visitors in Vancouver where they were guests at the "Devonshire."

Week-end guests at Harbour House included: W. J. Herbert, Vancouver; A. and C. Dahlerre, A. Watten, Seattle.

Miss Dulcie Crofton arrived on Saturday from Vancouver to spend the week-end visiting her mother, Mrs. Fred Crofton.

Mr. and Mrs. Hartley Wilson returned home on Friday after a five-day visit to Victoria, guests at the Cathay apartment hotel.

Mrs. B. Martin and Miss E. Martin, Saskatoon, arrived last Friday and are guests at Harbour House.

Mrs. C. Faure was hostess last Wednesday evening when she entertained a few friends at a small bridge party at her home. The room was decorated with bowls of red and yellow zinnias. The first prize was won by Mrs. B. LaFleur; second, Mrs. W. M. Moutat; consolation, Miss M. Perry. Others present were: Mrs. Scot Clarke, Mrs. Harold Day, Miss W. G. Waring, and Miss Grace Moutat.

Mrs. M. Haycroft, accompanied by her daughter, Shirley, left on Saturday for Vancouver, where she will take up residence for the winter. During her absence her house will be taken by Mr. and Mrs. Pat Kyler of Fulford Harbor.

Mrs. R. Kirkham, who is accompanied by her son, Ronnie, arrived from Vancouver on Saturday and is visiting her sister, Mrs. Beth Petersen, for a week or so.

Mrs. A. McKenzie arrived last Wednesday from Galiano and is spending several days as a guest at Harbour House.

Mrs. Grace Messer, Victoria, is acting as holiday relief for a month or so at the Lady Minto hospital.

Mrs. N. W. Wilson, who has been in St. Joseph's hospital, Victoria, for two or three weeks, has returned home and is a patient in the Lady Minto hospital.

After a week-end visit as guests of Dr. and Mrs. Ira White, Dr. and Mrs. D. J. Fraser have left for Victoria, en route for their home in Winnipeg.

After a year's absence in Kamloops Dr. M. B. Wellwood, who was on the staff at Tranquille Sanatorium, and Mrs. Wellwood, returned on Saturday to their home at Walker's Hook.

J. Fulton has arrived from Burnaby and is spending a week or two as a guest at Harbour House.

In honor of her son, Kent, and to celebrate his seventh birthday Mrs. B. I. LaFleur entertained several of his young friends last Friday afternoon at her home. For the floral decorations pinball and michelmas daisies were used and the tea table was centered with a large pink and white birthday cake surmounted by pink candles. Among the children present, who spent the afternoon in games, were: John and Henry Caldwell, Bobby Doyat, Ben and Bill Greenhaugh, Terry Jordani and Leslie Wigg.

Mrs. Walter Stevens Dunnen, who has been spending a week here, the guest of Mr. and Mrs. E. Parsons, is now visiting Mr. and Mrs. Frank Westcott, for several days, at North Salt Spring.

Mrs. L. M. Patience, who has been a patient in the Lady Minto hospital, returned to Galiano on Thursday, accompanied by Mrs. E. T. Wilson, Vesuvius Bay.

PENDER ISLAND

Mr. and Mrs. A. McLellan left by boat on Sunday for Vancouver and returned home on Tuesday.

Mr. and Mrs. N. Cicconi, who have been spending a month's vacation visiting their son, in Toronto, returned on Thursday.

The "Cy Peck" called at Port Washington on Wednesday on her last excursion trip of the season. Mrs. and Miss Hamilton, of Victoria, spent a few hours visiting their old friends, Mr. and Mrs. T. Mathie.

Mr. and Mrs. D. A. Browne went to Vancouver on Thursday for a month's visit.

Work has been started on the new hall; forms are in place to pour cement for the foundation.

Mr. and Mrs. Watt have moved into the W. B. Johnston house. Mr. Watt is working with the Pednault Logging Co.

GALIANO ISLAND

Mr. and Mrs. H. W. Harris have left for a holiday in Vancouver.

Mr. and Mrs. Fred Robson left early last week for the U.S.A., travelling there via Victoria.

Mr. and Mrs. O. J. Garner are making a hunting trip in the interior. They expect to make McBride their final destination.

Mrs. Cyril Morgan is spending a short period at her Galiano home, "The Cotswolds."

Mrs. R. D. Bruce is visiting her son and daughter-in-law, Mr. and Mrs. Donald Bruce in Vancouver.

George Jack has returned home after several months' absence at the Skeena River.

LADIES' AID PREPARES FOR ANNUAL BAZAAR

The regular monthly meeting of the Ladies' Aid to Burgoyne Bay United Church was held at the home of Mrs. F. Reid, with Mrs. H. E. Townsend in the chair, and seven members and one visitor present.

Mrs. F. Reid was appointed secretary-treasurer to complete the term of Mrs. E. Forsen, who left recently to make her home in Victoria. Arrangements were made for the annual bazaar to be held at the home of Mrs. J. French on October 18. The afternoon was spent pricing the work for the sale.

Ten hostesses were Mrs. F. Reid and Mrs. M. C. Lee.

FUNDS RAISED BY W.A. STALL AT GANGES

A home cooking and vegetable stall was held under the convalescence of Mrs. E. Adams and Mrs. Walter Norton, last Saturday, at Mount Bros. store. The Salt Spring Island branch of the Woman's Auxiliary realized the sum of \$15 for the funds of the organization.

TOWED 12,000 MILES

One of Britain's most powerful salvage tugs, the Buster, has just completed a 12,000 mile towage job. She arrived at Port Said, Egypt, with a suction dredger which she has towed across the Atlantic from Savannah, Georgia.

Mrs. L. M. Patience, who has been a patient in the Lady Minto hospital, returned to Galiano on Thursday, accompanied by Mrs. E. T. Wilson, Vesuvius Bay.

Mrs. C. A. E. Kellison returned

HOSPITAL DANCE OCTOBER 27

The monthly meeting of the W.A. to the Lady Minto Gulf Islands hospital was held last Tuesday in the board room of the institution at Ganges. A large amount of sewing and mending was accomplished during the afternoon.

At the business meeting, with the president, Mrs. George St. Denis in the chair, plans were made for the annual hospital dance to be held on Friday, Oct. 27, in the Fulford Community Hall. It will be under the convalescence of the president, with the matron and nursing staff in charge of the decorations, and Testar's four-piece orchestra in attendance.

Party At Fulford Entertains 200

Mr. and Mrs. Gavin Bilton were hosts at a very enjoyable post-nuptial party and dance at Fulford Community Hall on Saturday evening, Sept. 30. Testar's orchestra supplied the music and J. A. Fraser officiated as bartender.

The hall and supper room were beautifully decorated with pink and white crepe paper, greenery and bowls of autumn flowers.

A delicious buffet supper was served at midnight by Mrs. E. Simington, assisted by Mrs. C. Marcotte, Mrs. E. Mortenson and Mrs. C. Reader. About 200 guests enjoyed the evening.

Junior Red Cross Plans Activities For New Season

With the 1950 school term well under way, students are again organizing their Junior Red Cross branches and making up their program for the coming year.

In B.C. last year there were 102,706 members in 2,556 branches in schools throughout the province. There were more than 880,000 members in the ten provinces across Canada. All these young members are a part of the international organization which embodies 41 million members organized in 55 countries.

Junior Red Cross is Red Cross in the schools. It is welcomed as an integral part of the school curriculum. Its primary purpose is the development of better citizens of a world community.

The young people plan their own program which is aimed to develop responsibility on the part of every member for the improvement of personal, school and community health, of service for others and of international understanding and tolerance.

Dr. T. Roberts Leads In First Round at Golf

Preliminary round of the inter-Gulf Island contest for the George Jack Trophy took place at Galiano Golf Course on Sunday, Sept. 24, several contestants from the Islands of Mayne and Salt Spring taking part.

Dr. T. Roberts, veteran from Mayne Island, turned in a gross of 69. Galiano's captain, Lloyd Booth, was a close second with a score of 70, Peter Roberts and Fred Morris, Salt Spring Island, tying for third place with 72. Others who qualified for the second round were J. P. Hume, 74, Matthew Walker, 75, Dr. Britton, and W. K. Wickens. This will be played off on Sunday, Oct. 1.

In addition to work in their own school and community, juniors in B.C. raise funds for two main projects.

One is the B.C. Junior Red Cross Crippled and Handicapped Children's Fund through which they have brought health and happiness to thousands of needy physically handicapped children. Junior Red Cross members in B.C. have contributed over \$100,000 to this fund which has provided transportation, medical fees, wheel chairs, hearing aids, glasses, special braces and shoes, and other medical requirements for less fortunate young friends in their own province.

The other fund that B.C. juniors contribute to is the nationally-administered National Junior Red Cross Service Fund. B.C. boys and girls have contributed about \$150,000 which has helped send food, clothing, medicines, school equipment and other essentials to suffering children in countries outside Canada, particularly those in war devastated countries.

B.C. Electric Opens New \$3,500,000 Project, Serving Lower Island Area

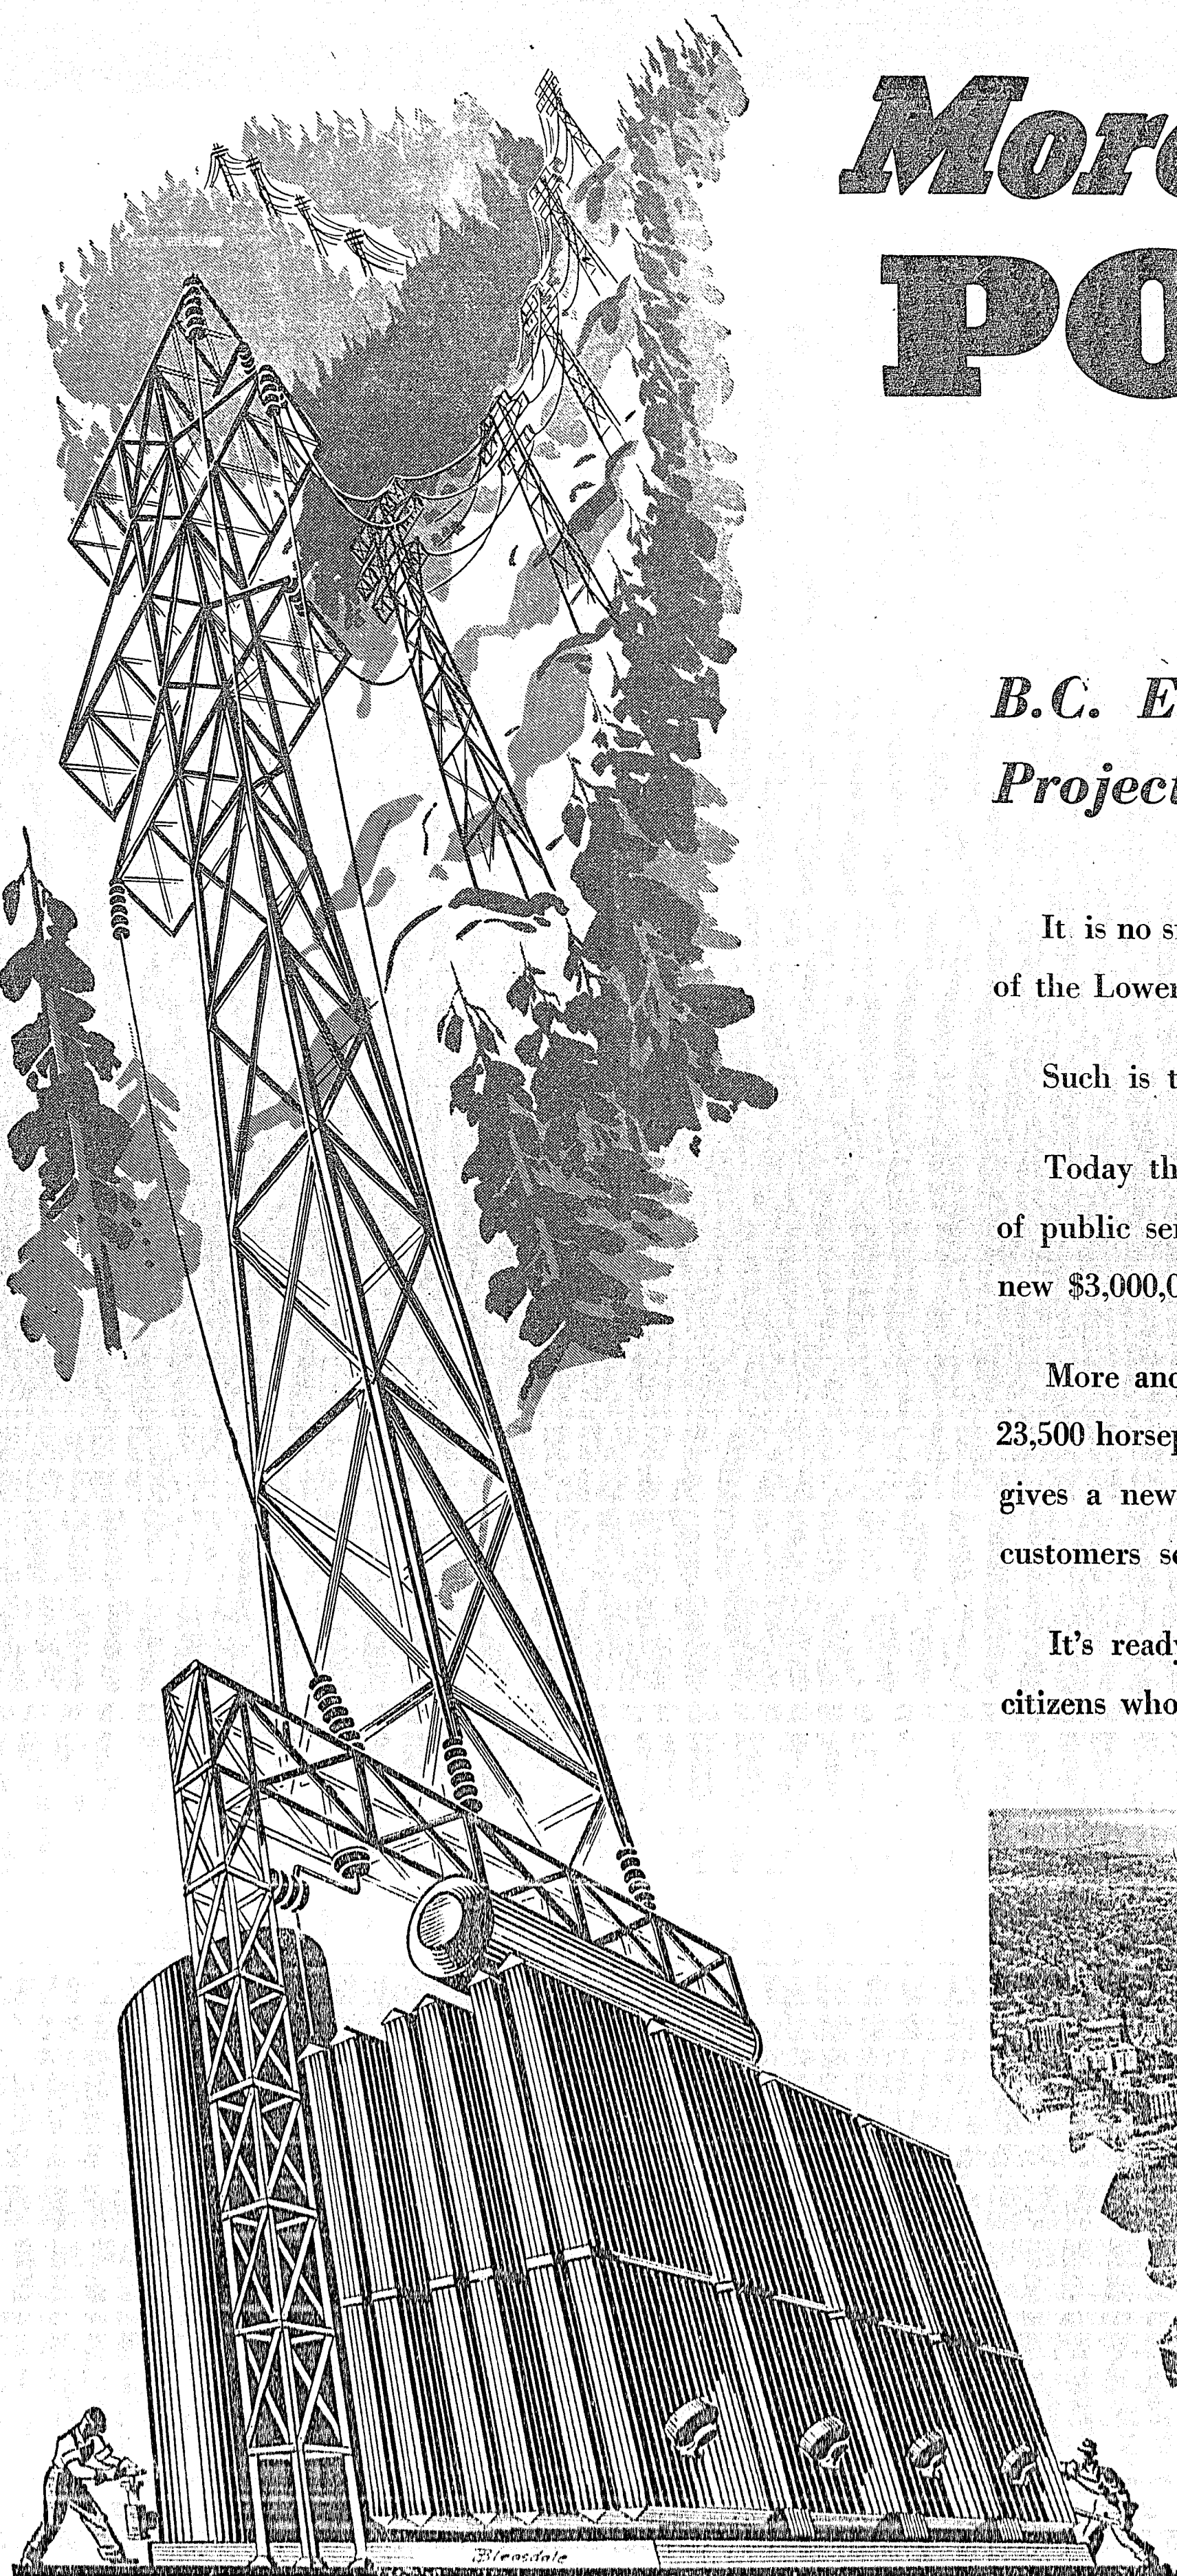

It is no small undertaking to have met each electrical requirement of the Lower Vancouver Island area since 1896.

Such is the history of your power company.

Today the company marks another forward step in its long career of public service by the completion of a \$500,000 substation and a new \$3,000,000 transmission line between Nanaimo and Victoria.

More and more electricity is the result. This latest project, adding 23,500 horsepower to the 54,800 h.p. generated by the company's plants, gives a new record output, available round the clock for the 40,000 customers served in the Island area south of Duncan.

It's ready for those already here today . . . ready, too, for the new citizens who will come tomorrow!

C.C.F. Organization In Saanich Praised By Party Official

C.C.F. organization in Saanich provincial riding is among the most successful in the province, said Donald C. MacDonald, na- tional treasurer of the federation, to The Review last week. In Saan- ich the C.C.F. is both economically and administratively sound, he said.

Mr. MacDonald is touring the province as part of a nation wide campaign to expand his party. He has addressed meetings in all parts of British Columbia during his brief visit. The officer of the Canadian Commonwealth Federa- tion has been accompanied by Martin Neilson, prominent Saanich C.C.F. member.

The C.C.F. treasurer, a navy veteran of the Second World War, remarked to The Review that he regards the weekly press as a very important part of Canadian society. Upon his discharge from the Royal Canadian Navy he had intended to purchase an interest in an eastern Canadian weekly, he said. Later he decided that the cost would be crippling to him and changed his mind. Neverthe- less, added the political organizer, he still has a soft spot for weekly newspapers.

The campaign is part of a three- year drive for C.C.F. expansion. The drive was launched after the last federal elections. Mr. Mac- Donald expressed satisfaction at the manner in which it has pro- ceeded.

He left for the mainland last week, where he will continue his series of addresses to meetings of the executives of his organization.

DONNA GILBERT HEADS STUDENT COUNCIL

Appointments and elections of students to take office on the councils and in other organiza- tional positions at North Saanich high school are now completed. The elections were held in the school on Friday, Sept. 29. The nominations for president of the students' council had then been closed for a week and nominees had been permitted that time in which to launch their individual election campaigns.

Donna Gilbert was elected president in the secret balloting. Her unsuccessful competitors had been Bill Sterne, Stuart Beaver- idge, and Everett McKay.

Remainder of the appointments were as follows:
Senior Council—Vice-president, Pat Dalton; secretary, Elisabeth Boshier; treasurer, Everett Mc- Kay; girls' sports representative, Esther Bertelson; boys' sports representative, Alf Schmidt.

Junior Council — President, Tony Dickens; vice-president, Patricia McLennan; secretary, Marion Eckert; treasurer, Avis Boshier; girls' sports representa- tive, Jill Turner; boys' sports rep- resentative, Glenn Pearson.

Other council members include Megan Roberts, Roland Gilbert, Guy Roberts, Don Preston, Shir- ley Bath, Peter Young, Dave

A NORMAL HABIT
Children are often criticized— and sometimes disciplined — for fidgeting, but doctors point out that small movements are normal in children and that suppression

of these natural movements is one of the important causes of fatigue and inattention, particu- larly in school children. Young- sters need to move about a bit in order to stay relaxed and com- fortable.

Peddie, Johnnie Beattie, Sheila Brown, Marilyn West, Jackie Thompson and Margaret Holt.

The council members have pre- fect duties to carry out and have entered into their new tasks with great enthusiasm.

Between May, 1949, and May, 1950, Canada's manufacturing wage index rose 4.06% while the cost-of-living index increased by 2.82%.

MORE ABOUT NEW TROPHY

(Continued from Page One)

three F. N. Wright scholarships were presented as also were the P.T.A. and I.O.O.F. scholarships.

The P.T.A. scholarship was awarded by Mrs. Rhys Davis to Miss Peggy Woods, daughter of Mr. and Mrs. J. J. Woods, of the Dominion Experimental Farm at Saanichton. Miss Woods main- tained a very high academic standing in her school work and was active in sports and many school activities.

The F. N. Wright scholarship for \$50 was presented to Miss Eva Rashleigh, of Saanichton. It was originally awarded to Miss Peggy Munro. As the latter young lady is not at present continuing her education it was awarded by re- version to the recipient. Mr. and Mrs. Norman Wright made the presentation.

The I.O.O.F. nursing scholarship was gained by Miss Mary Roberts, of Bann Bay. Miss Roberts is now enrolled at St. Joseph's hos- pital where she is a student nurse. Mrs. Dan Butler and Mrs. Pearl Hall made the presentation.

The F. N. Wright grade 9 award was won by Miss Elisabeth Boshier. The award was made by Mr. and Mrs. N. Wright. Miss Madeline Watt received the F. N. Wright scholarship for grade 10. The presentation in the amount of \$25 was made by Mr. and Mrs. N. Wright.

The retiring P.T.A. president, Mrs. W. Kynaston, was presented with a magnificent handbag in recognition of her services during her period of office. She received the presentation from Mrs. Arthur Aylard.

Mrs. Sisson Wins Golf Trophy

Mrs. W. Sisson won the Ladies' Championship Cup at the Ar- dmore Golf Club last week. The matches in this competition were played off between Sept. 19 and Sept. 20. Runner up was Miss W. N. Macdonald. Mrs. C. Gamble won the first flight and Mrs. Kay Vickerman was the medallist.
